TouchPoint Networks Receives Tadiran Telecom's Trail Blazer Award

MEDFORD, OR — January 16, 2013 — TouchPoint Networks, a leading telecommunications and IT services provider, announced today that the company received recognition for one of Tadiran Telecom's highest awards. Tadiran Telecom, a provider of business communication solutions, selected TouchPoint Networks as the winner of the "2012 Trail Blazer Award" for their success and expertise in helping Tadiran users move to their new platform.

The distinguished award is based on TouchPoint Networks having the largest and most number of Aeonix installations. Aeonix, now available in general release, is a pure software based Unified Communications & Collaboration solution that consolidates disparate business applications into a single powerful platform.

Chuck Whiteley, Partner of TouchPoint Networks along with TouchPoint Service

Manager Mike Schrader, accepted the award for the company. "We are extremely proud to be recognized for bring cutting edge solutions to our customers," said Mr. Whiteley. "TouchPoint is also very fortunate to have a team of top notch professionals that are willing to implement new strategies and technology, helping our customers achieve their business goals. We are thrilled to be recognized and we're excited about the upcoming year and new opportunities in 2013."
