

TouchPoint Networks Invited To Technology Assurance Group's 17th Annual Convention

*Leaders in Unified Communications
Align to Hold Mastermind Meeting
in Houston*

Eugene, OR — February 28, 2017— TouchPoint Networks, a leader in unified communications, announced today that Gary Gonzalez, President of TouchPoint Networks, has been invited to attend the 17th Annual Technology Assurance Group Convention, an organization of dominant unified communications companies in North America representing \$350 million in products and services. The event brings together the most successful leaders in the unified communications sector, in order to elevate the industry as a whole, through the sharing of best business practices, CEO-to-CEO collaboration and exchange of viewpoints as the future of technology. The TAG Convention will be held at the Royal Sonesta in Houston, Texas on April 2-5. The theme of this year's convention is "teamwork drives success". It will focus on the power of teamwork, which is suitably situated at the nation's epicenter for space exploration.

"We're proud to have Gary Gonzalez attend our event," stated Brian Suerth, President of Technology Assurance Group. "Gary brings a tremendous

amount of insight and we're thrilled to have him share his views with our Membership. His contributions throughout the year to his fellow Members have raised the bar for every company in the technology space. In sum, we're honored to have Gary in attendance."

One of the keynote speakers at the TAG Convention is Colonel Richard "Mike" Mullane, a former pilot and astronaut who developed his expertise in leadership and teamwork through an array of combat reconnaissance missions in Vietnam and space shuttle missions for the United States. Colonel Mullane will be sharing his insights and collaborating with TAG Members in order to help advance their leadership and teamwork abilities.

Also in attendance will be North America's elite technology manufacturers. These providers will be delivering futuristic technology to TAG Members in order to accelerate the technological proficiency of small to mid-sized businesses. With their new software, cloud computing and auxiliary equipment, businesses can anticipate strong growth in 2017.

"I look forward to attending this year's event and coming back with new ideas to improve our customer experience," commented Gonzalez. "I believe

that the better we understand teamwork, leadership and technological expertise, the more profitable our customers will become. We consider this event a privilege to attend, especially because of the high caliber peers and it also serves as a very effective way to keep our customers miles ahead of their competitors, sustaining their competitive edge through our delivery of futuristic technology."

About TouchPoint Networks

Gary Gonzalez and his business partner's Chuck Whiteley and Tamara Gonzalez, are owners of TouchPoint Networks, a member of the Technology Assurance Group (TAG). TouchPoint has built a team of professional voice and data specialists dedicated to the highest levels of customer support. TouchPoint's pattern of steady growth reflects their commitment to keeping pace with the constantly evolving telecommunications technology arena, and the dramatic expansion of the Pacific Northwest's business market. With offices located along the I-5 Corridor in Portland, Eugene, and Medford, TouchPoint Networks is uniquely positioned to respond quickly and effectively to a wide range of customer equipment and service

requirements. For more information on TouchPoint Networks, please visit www.asktouchpoint.com.
