

# Chamber Member FYI

## TouchPoint Networks

Touchpoint Networks is leveraging state-of-the-art cyber security techniques and tools to protect customers from cyber attacks that have become a daily occurrence in the small to mid-sized business marketplace. The company has been at the forefront of cybersecurity for many years and has taken their expertise to an entirely new level, well beyond their competition. TouchPoint Networks protects businesses from several key cybersecurity threats such as phishing, mobile hackers, and malvertising.

“These threats all point to the importance of SMBs consulting with an expert in the cybersecurity field,” stated Chuck Whiteley, Managing Partner at TouchPoint Networks. “We are well-equipped to deal with threats like these, in addition to the new threats that will undoubtedly arise over the coming years.

For any business that leverages technology as one of its key productivity drivers, it pays to have a team like TouchPoint Networks to face the hackers of the world.”

## Rogue Community College

The Office of Student Access and Completion (OSCA) manages over 500 scholarships and has recently opened the 2017/18 scholarship application process. These need- and merit-based scholarships are designed to help Oregon recipients meet college-related expenses. The deadline to submit a complete application is March 1, 2017. Those who meet the early bird application deadline of February 15, 2017, will receive extra benefits.

Submit a single application to access to up to 40 scholarships. \$16 million will be awarded. To learn more and apply today, visit

[www.oregonstudentaid.gov](http://www.oregonstudentaid.gov).

For more information, contact Anna Manley at 541-956-7104 or [amanley@roguecc.edu](mailto:amanley@roguecc.edu).
