

It's time to perform like an All-Star!

NEW Allworx 6x12 Phone System

For the first time, cutting edge features larger companies enjoy in their phone systems are available to **small offices with up to 12 employees.**

All-in-one system

The Allworx 6x12 delivers powerful all-in-one communications with feature-rich capabilities — all in one integrated, low-cost package. It is ideal for the very small business that wants to make a strong first impression on customers.

Good things come in small packages

Specifically designed for offices with up to 12 employees, this system combines advanced features — like remote IP phones that can connect from anywhere — with the reliability of true key system operation.

Be instantly reachable

You choose how customers reach you, using definable call routes, find-me follow-me, and seven unique settings that can be selected with the press of a button, either on your Allworx phone, iPhone or Android smartphone. Whether you are in your office or on the go, a single number is all they need. Customer messages appear on your Allworx phone, in your email inbox, on your smart phone, or by text notification.

Reach customers faster

The Allworx 6x12 system lets you call or speed dial from any Allworx phone using the easy to navigate LCD screens, or you can turn your PC into a call productivity tool when Call Assistant™ is connected to your Allworx phone.

Supports all models of Allworx phones, and up to 6 FXO, 2 FXS and 2 generic SIP handsets.
Certain features require optional licenses.
