allworx®

Allworx Connect™ VoIP Communication Platform for the Future

Performance

▶ Faster processing power with a high-speed storage subsystem

▶ Wall- and rack-mountable

Connectivity

▶ Enhanced mobile experience

▶ Support for G.711u, G.711a, and G.729A codecs
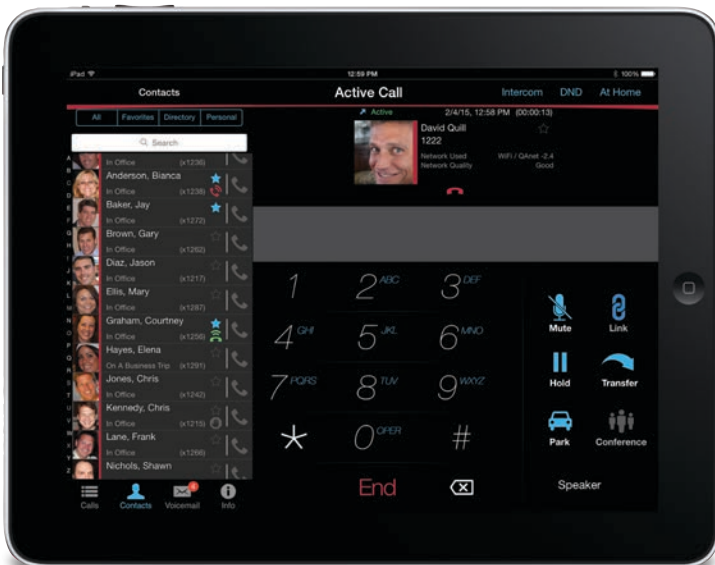

▶ Native Gigabit Ethernet interfaces

Scalability

▶ Models designed for up to 20, up to 50, and up to 180 users per site

▶ Ability to scale from 12 to 30 to 60 concurrent external calls

▶ Models with or without analog ports

Connect systems require Allworx System Software 8.0 or higher.

Allworx Reach™ and Allworx Reach Link™

Allworx Reach brings the rich functionality of your Allworx phone system to iOS and Android devices. Allworx Reach Link keeps your active calls connected as you move across Wi-Fi and mobile data networks.

Reach Link requires Allworx Reach 2.0, available from Google Play and Apple App Store.
